

CORPORATE GREED

- Fortunes that were built on great big lies
- Lobbying helps support your great disguise
- People are waking up to your surprise
- Arrogance will lead to your demise
- -
- How many lives did you harm today
- So many hands that you had to pay
- Power through secrecy is your only way
- Maybe evil tyrants will see their day
- -
- From the MMR on to the HPV
- A long path of destruction is your legacy
- From the FDA up to the CDC
- A long path of corruption is your legacy
- -
- You tried to take everything from me
- Fabricate your lies only for corporate greed
- Told me all my thoughts were just a conspiracy
- Now the truth rises clearly for all to see
