

REVELATIONS

- Guess I'm waking up
- Where did I wind up tonight
- -
- How long was I gone
- There's no hope in sight
- -
- Then I think about you there
- And I become just so aware
- I feel so lucky to be alive
- I'm so damn grateful that I survive
- -
- How much longer can I endure
- No I can't really say for sure
- I feel so lucky to be alive
- I'm so damn grateful that I survive
- -
- Did I lose some blood
- Got some new scars tonight
- -
- Must've chewed my tongue
- So much violence in a bite
- -
- Then I think about you there
- And I become just so aware
- I feel so lucky to be alive
- I'm so damn grateful that I survive
- -
- How much longer can I endure
- No I can't really say for sure
- I feel so lucky to be alive
- I'm so damn grateful that I survive
- - Solo (2:45-3:32)

- Then I think about you there
- And I become just so aware
- I feel so lucky to be alive
- I'm so damn grateful that I survive
- -
- How much longer can I endure
- No I can't really say for sure
- I feel so lucky to be alive
- I'm so damn grateful that I survive
