

THIMEROSAL

- Millions & millions it's never enough
- Billions & billions it's gotta be tough
- Spreading your lies is powerful stuff
- Time has come now to call out your bluff
- -
- Spinning your lies solely for gain
- Leaving countless injured behind
- Profits are growing you levy your pain
- Hard to believe the scale of your crime
- -
- Solo (0:59)
- -
- Fraudulent leaders help pass the blame
- Quarterly profits keep them in line
- Favors & bribes run their campaigns
- Helping our leaders turn a blind eye
- -
- *Side effects coming better hold tight*
- *Violently shaking alone in the night*
- -
- Shady world leaders with dirty pasts
- Pushing your legislation through fast
- September eighty-six it was passed
- Immunity given to Pharma that lasts
- -
- Ethyl vs Methyl it cuts like a knife
- Mercury used like never before
- Treacherous ways increase your shelf life
- Profits are really going to soar
- Going to soar
- Going to soar...
