

UNINVITED ANARCHY

- Something lives inside of me
- A silent fiend who takes control
- Uninvited anarchy
- Chaos and pain help steal the soul
- -
- It shows up when I expect it least
- Likes to catch me off my guard
- I don't remember its short stay
- 'Cause I tend hit my head too hard
- -
- And these scars are left behind
- To help remind me this is real
- -
- **POWER UNDENIED**
- -
- **NO PLACE LEFT TO HIDE**
- -
- **STRIPPED OF ALL MY PRIDE**
- -
- **A SILENT SUICIDE**
- -
- Suddenly, there's a glitch I've felt before
- I can barely breathe
- Knees give out as I fall onto the floor
- Something starts to bleed
- -
- In and out of consciousness I ride
- My endless lonesome journey
- And it's taken something deep inside
- All that's left of me...
- -
- All that's left of me...
- Something to believe...
- All that's left of me...
- Something to believe...
- -
